Frink, grand foreman; W. E. Davey, chief correspondent; A. L. Hoffman, general attorney; Frank F. Baylor, assistant grand foreman; and Mark T. McKee, member of the board of directors. The large delegation of supreme officers to the Moline meeting gave this city the honor by reason of the headquarters of the organization being in Des Moines, Iowa. Mr. Meyers, the state manager, said that the ceremonial was unusually successful and that a large class was initiated even though it was on short notice. He expressed his appreciation for the hospitality extended to the visitors by the city of Moline.

## How To Make a Laxative Cough Syrup

With Granulated Sugar and Mentho-Laxene. First Dose Relieves.

Make a syrup with a pint of granulated sugar and a half pint of boiling water, cool and pour into a bottle or jar. Then add the contents of a 2½ oz. bottle of Mentho-Laxene, shake well, and take a teaspoonful 4 to 8 times a day for head or chest colds, coughs, bronchitis, whooping cough, croup, and all other ailments of the throat and chest.

Actually, the very first dose will show the wonderful virtue in Mentho-Laxene. It is penetrating, healing, soothing and curative to a greater extent than anything ever discovered. Children like it and adults use it from Maine to California. Physicians prescribe it, hospitals use it, and why should not you enjoy the benefits of a cheap, home-made remedy? Try from Mentho-Laxene, 4,000 barrels sold last year! Why? Because it is so effective and it is guaranteed to please every person who uses it. Write for the Mentho-Laxene Co., Dayton, Ohio.—(Adv.)

WHEAT MARKET  
TAKES UPWARD  
MORNING MOVE

Chicago, Nov. 29.—Fresh strength manifested itself today in the wheat market. Signs of further buying for European interests had much to do with the upward tendency of prices. Besides, offerings were small, and the impending close of navigation from Canadian ports attracted some attention. Opening quotations, which varied from 1c to 4c higher, with December \$1.58 to \$1.59½, and March \$1.52½ to \$1.54, were followed by slight additional gains, and then something of a reaction.

Subsequently, absence of selling pressure was a much more noticeable feature, and the market acquired a new upward impetus, which, however, failed to last. The close was unsettled, ¼c to 1½c net higher, with December at 1.58½, and March at 1.52½ to 1.53.

Enhancement of corn values accompanied the rise of the wheat market. After opening ¼c to 1½c up, including May at 73½c to 74c, corn continued to harden.

Disappointing husking returns from Illinois, together with other reports of rural efforts for higher prices, led subsequently to transient additional gains in the corn market. The close was ¼c to ½c net higher, with May at 73½c to 73¾c.

Oats reflected the upturn of other grain, starting unchanged to ½c higher, May 49½c to 49¾c, and showing additional firmness later.

Provisions were lifted by the action of hogs and cereal.

## New York, Nov. 29.—Alternate rallies and declines occurred on the Exchange during the morning, but trading lacked the feverish activity of last week's sessions. Additions to losses of the first hour included Crucible Steel, China Copper, Chicago Pneumatic Tool and some of the food specialties at reactions of 1½ to 4 points. Oils, equipments and tobacco offset this movement at gains of 1 to almost 3 points but yielded to renewed pressure against shipping. Mercantile Marine preferred and United Fruit fell 1 to 2½ points with Atlantic Gulf and American International. Ralls were the only shares to pursue an independent course. Reading, Norfolk and Western and Southern Pacific rising 1 to 1½ points. Call money opened at 6 per cent.

More than six hundred of the 1,000 \$1 donation tickets being sold by Fallers post of the American Legion, in an effort to secure funds to help furnish the post club rooms, already have been disposed of.

To one of the holders of a donation ticket the Legion will present a brand new 1921 Ford recently purchased from Cornelius Swartout, local Ford dealer.

Many Mercer county people will find the plan presented by the Legion a splendid one, for it will help the men in their plan of making the American Legion in Aledo one of the prominent influences in community life and it will give everyone a chance to own a "diver."

Most of the members of Fallers' post are equipped with special receipt books and donation tickets can be secured from them for \$1. In return, the buyer receives a receipt, which shows that he has donated \$1 to the American Legion and that he may be the winner of the Ford.

The committee in charge of the donation is composed of Hayes Hall, Chick Lawson and Harry Buckley. Mr. Buckley is chairman of the committee.

Word from C. C. Chafa, mayor of Keithsburg, who underwent an operation at St. Luke's hospital in Chicago, last Wednesday, states that he is recovering rapidly.

Rev. Sidney A. Guthrie of Orion will speak tomorrow night at the United Brethren church of Sherrard. His subject will be "Hallowing the Heavenly Father's Name."

More than \$150 was realized from the bazaar given at the Bassett millinery store of Aledo last Saturday afternoon and evening by the ladies of the First Presbyterian church. Various articles suitable for Christmas gifts were offered. The ladies of the church wish to especially thank Miss Bassett for the use of the room for the bazaar and Steward Boutinhouse, who donated his services in auctioneering the articles which were not sold during the afternoon. Articles made by wounded soldiers in a Chicago hospital were exhibited at the bazaar.

A meeting of the members of the proposed Kiwanis club is called for 6:45 tonight at the Merchants' hotel in Aledo. Every man signed up for membership in the club is expected to be in attendance.
